

WTW Insurance Consulting and Technology team is hiring in India

The team is growing and hiring laterally for its actuarial consulting business in the life insurance domain. We are looking for analytical actuarial insurance practitioners with experience in the life insurance industry in India. As a part of the team, you will work alongside some of the industry's top thought leaders in developing new go-to-market solutions and delivering value-added propositions for the challenges faced by insurers.

At WTW, we provide data-driven, insight-led solutions in the areas of people, risk and capital that make organizations more resilient, motivate workforces, and maximize performance. When you join WTW, your prospects extend as far and wide as your point of view. You'll tackle challenges with the help of a diverse, expert global team and identify strategic solutions that move us – and the world's most powerful organizations – forward.

If a role interests you, kindly visit the below link and submit your application for further evaluation.
